

# BF30

## 30 hp 4-stroke Outboard Engine

### 3 cylinder configuration

Delivers smooth running whilst keeping the overall weight down to a mere 84kg.

### Steering options

Optional remote control or tiller handle available, dependent on model.

### Optional instrumentation

Tachometer and trim gauge available (LRTU model only).

### Engine displacement

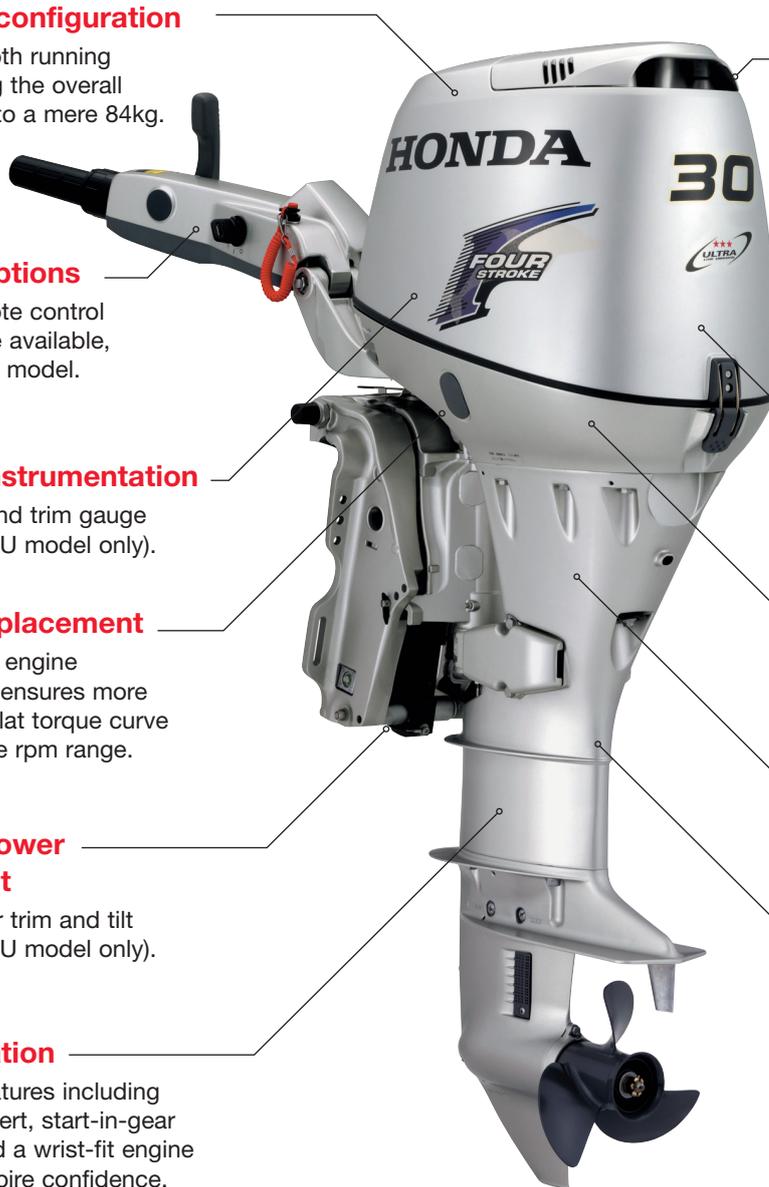

552cc greater engine displacement ensures more power and a flat torque curve throughout the rpm range.

### Optional power trim and tilt

Electric power trim and tilt available (LRTU model only).

### Safe operation

A range of features including oil pressure alert, start-in-gear protection and a wrist-fit engine kill-switch inspire confidence.

### Air ventilation

Forced air ventilation for increased performance.

### Honda 4-stroke engine

30 hp water-cooled, 4-stroke OHC engine is quiet, with low fuel consumption and class leading fuel economy.

### Electronic ignition

Programmed electronic ignition, providing precision, efficiency and optimum performance.

### Fuel enrichment system

Auto starting enrichment system ensures easy starting for added reliability.

### Shock absorption

Double-density engine mountings for less vibration.

The BF30 is the lightest and most economic 4-stroke engine available in its class, offering smooth and reliable performance. Honda's unique PGM-IG technology provides smoother acceleration, advanced fuel efficiency and improved overall performance.
